Appendix 2 - Reconnaissance schedule, specific restrictions, GPS, tyres for recce**Reconnaissance schedule:**

Mátraalmás-Parádsasvár (CEZ,ORB-ORC,HIST) SS12,SS15

28.03.2019 Thursday 12:00-18:30

Parádsasvár- Mátraalmás (CEZ,ORB-ORC,HIST) SS12,SS15 / (Rallye2) SS3,SS6

29.03.2019 Friday 9:00-15:00

Number of allowed passes: max.: 3 times, only one way, marshals will control it.

2.1.1 Specific and/or national restrictions

During reconnaissance roads used for special stages are not closed to traffic, other cars may be expected, even if forestry or agricultural machinaries.

Any crew failing to comply with RVSZ or this SR either on public roads or on occupation roads, will be subject to penalty (from time penalty up to being excluded) according to the clerk of the course's or stewards' discretion and the RSB shall be informed.

If a crew participating in the rally causes an accident during reconnaissance or after publishing these sporting regulations on the official route of the event, or causes damages in valuables or in case of a serious infringement of the traffic laws committed by a crew participating in the rally, the Stewards shall withdraw the entry permission of the crew without paying back the entry fee. The Stewards inform the RSB.

Compliance to the rules may be checked by RSB either and RSB can impose sanctions as well.

Other regulations: RVSZ Chapter I. Art. 16 and 17.

Unauthorised reconnaissance may be checked by members of the Organisation Committee and its representatives, marshals, local hunters. They shall inform the clerk of the course of the stewards, who impose a penalty.

2.1.1.a) Using of Reconnaissance control card

During reconnaissance crews must stop at marshals points (at the start and stop point). (Officials wear marshals' white vest or yellow high visibility vest.) Control cards (which can be found at the end of road book) should be handed to marshals. Any infringement of these rules means serious offence. If the crew does not find a marshal at the start point, they will be allowed to continue the reconnaissance of the special stage. In the lack of marshal's control (if there was no marshal at start point) - if entering to the special stage was regular -, reconnaissance is one of the two allowed passages on the relevant special stage.

Reconnaissance control cards should be given to Race Control at the end of reconnaissance until 3.17. Drivers and Team Managers briefing at the latest. If reconnaissance control cards arrive late or crew fails to give it to Race Control to the time given, the crew has breached the reconnaissance rules.

c) Team members on special stages

During reconnaissance only competitors (driver and one more person) are permitted to enter to the special stage (no other members of the team, team manager, engineer, mechanic, guest, etc. can not enter or drive through a special stage). Any infringement of these rules is breaching the reconnaissance rules.

2.2.1 Traffic rules (RVSZ Chapter 1. Art. 17.)

Supplementary regulations to FIA Regional Rally Sporting Regulations Art. 20.2.2, 20.2.5 and 20.4.4.

Any accident, damage or traffic infringements caused by the competitors on a road section which is a part of the rally during reconnaissance or other time will incur withdrawal of start permission by the organiser – the entry fees will not be paid back. The organiser shall inform RSB.

RSB – irrespectively of organiser - may carry out checks during reconnaissance in connection with reconnaissance rules, and may impose sanctions.

It is emphasised that reconnaissance is not practice. All the road traffic laws must be strictly adhered to and the safety and rights of other road users must be respected during reconnaissance.

Other rules: RVSZ Chapter I. Art. 16. Reconnaissance, RVSZ Chapter I. Art 17. Traffic laws

Supplementary regulations to FIA Regional Rally Sporting Regulations Art. 20.2.2. and 20.3.1.

The clerk of the course impose time penalty in case of an infringement of the traffic laws, the RVSZ, these supplementary regulation, with special regard to speed limits. Penalty for the first infringement is 30 sec., for the second infringement 1 minute. These penalties refer to infringements during the competition element of the rally as well.

Supplementary regulations to FIA Regional Rally Sporting Regulations Art. 20.2.2 and 20.3.1

The clerk of the course impose penalty in case of overpassing the speed limit according to the following:

10-40 % + 10 seconds

40-70 % + 30 seconds

70-100 % + 60 seconds

above 100 % withdrawal of start permission, exclusion

The amount of the penalty is not affected by any fine imposed by the Police.

Supplementary regulations to FIA Regional Rally Sporting Regulations Art. 20.4.4.

Penalty for the first infringement other than overpassing the speed limit: at the clerk of the course's discretion

Penalty for the second infringement: 5 seconds time penalty

Penalty for the third infringement: exclusion by the Stewards

The amount of the penalty is not affected by any fine imposed by the Police, and is not against the right to be not punished twice.

The USE of GPS recorders, classification and the method of calculating overpassing the speed limits is in complying with Appendix 6. of RVSZ.

Only road cars (totally unmodified standard cars as offered for sale to the general public) can be used during reconnaissance. It is forbidden to use car entered to the competition.

2.3 Using GPS unit

The RBS and the organiser provide for using GPS recorders during reconnaissance and the whole rally for ORB/ORC/Rallye2.

See RVSZ 2017 Appendix VI.

GPS recorders will be received when the Road Books are distributed

NOTE! Crews, officers, media and press representatives and spectators taking part of the rally consent to be identified on photos, videos taken during the rally. Names, data, result of the competitors are published on different lists and news.
