PARC FERMÉ Operating Hours

(According to the timetable)

12. 06. 2026. (Friday) 17:30–10:00

13. 06. 2026. (Saturday) 16:25–21:30

PARC FERMÉ

Entering the Parc Fermé area: according to the road book.

The Organiser requires all competing crews entered in the event to use a protective ground sheet (oil- and fuel-resistant tarp), with a minimum size of 2 × 1.5 metres, placed under the engine compartment of the competition car in the Overnight Regroup / Parc Fermé area (Pécs, Nagy Lajos király Road. 15).

The protective sheet must be carried by the competitors in the rally car to the Parc Fermé location. Removing the sheet from and placing it back into the car at the Parc Fermé is permitted. Compliance with the correct procedure will be checked by marshals.

Competitors who violate this regulation will be penalised with a fine of HUF 100,000 imposed by the Stewards.

Safety cars, zero cars (course cars), and participants in other supporting programmes are NOT permitted to enter the Parc Fermé. Those concerned will receive detailed instructions on the correct procedure during the zero car (course car) briefing.

SERVICEPARK
service entrance

Attention!

The location of the Service Park has been changed compared to previous years. During the 2026 event, service crews may set up their individual service areas in the external parking area of the Expo Center.

The surface of the designated area differs from what has been customary in the past; a significant part of it is gravel and not paved. In order to ensure safe working conditions, the Organiser recommends that teams prepare suitable load-distributing elements (e.g. wooden, plastic or metal plates) to be placed under jacks and support stands.

On 11 June 2026 (Thursday), the area will operate as a service area. Entry to the area, movement within it, and staying there are subject to the regulations applicable to the Service Park.

The service area and the Service Park are closed outside their opening hours. Team members are allowed to spend the night in the Service Park in their own motorhomes; however, leaving the closed Service Park is not permitted. Any request for a larger-than-standard service area must be agreed in advance with the Organiser. On 13 June 2026 (Saturday), the Service Park will be open until 20:00. At 20:00, the closure of Füzesdűlő Road, which runs through the Service Park, will be lifted and public road traffic will resume. Teams that have established their service areas on the asphalt surface of Füzesdűlő Road must dismantle them by 20:00 at the latest in accordance with the applicable regulations (including waste management) and vacate the roadway. After the road closure is lifted, traffic regulations apply on the affected road section, and stopping or parking on the roadway is prohibited. The gravel-surfaced area of the Service Park (Expo Center external parking area) may still be used by teams after 20:00.

2.12. LOCATION OF THE TRAILER PARK

11. 06. 2026. (Thursday) – 13. 06. 2026. (Saturday)

Location: PSN Zrt designated section of the gravel parking area

Address: H-Pécs, Veress Endre st. 10.

GPS: N46 3,893' E18 12,526'K

TRAILER PARK Opening Hours

11. 06. 2026. (Thursday) 07:00 -

13. 06. 2026. (Saturday) - 20:00

During its operating hours, the Organiser will provide security for the trailer park.

TRAILER PARK

ATTENTION! Trailers may only be stored/parked in the designated trailer park. The Organiser hereby reminds all participating teams that parking trailers within the Service Park area may result in a fine of HUF 200,000.

2.13. PRESS OFFICE AND MEDIA ACCREDITATION

Vehicles competing in categories RC2–RC6 must have valid FIA homologation and comply with the currently applicable FIA technical regulations.

The vehicles must comply with the specifications of their homologation throughout the entire duration of the event, including any extensions.

For vehicles in the NR4 (N4) category, compliance with the fuel tank safety requirements defined in Article 253 of FIA Appendix J is mandatory.

The Organiser reserves the right to verify the homologation and compliance of the vehicles.

In case of any doubt regarding the classification of a vehicle, the currently valid regulations of the FIA and the MNASZ shall prevail.

ORC, MRC („MODERN”)

*At the 59th Mecsek Rallye, the classification of eligible cars by class for the **MRC** and the **Hungarian National Rally Challenge (ORC)** is set out in the table below (Source: 2026 Rally Sporting Regulations HUN – Appendix II).*

<i>Designation</i>	<i>Classification</i>	<i>Other remarks</i>
11	Vehicles equipped with naturally aspirated engines, maximum cylinder capacity 1410 cc	
12	Vehicles equipped with naturally aspirated engines, min. 1411 – max. 1610 cc For vehicles equipped with turbocharged engines, the corrected maximum cylinder capacity is 1700 cc	Correction factor 1.7; turbo restrictor according to Group “P”
13	Vehicles equipped with naturally aspirated engines, min. 1611 – max. 2010 cc For vehicles equipped with turbocharged petrol engines, the corrected maximum cylinder capacity is 1710 cc	Correction factor 1.7; turbo restrictor according to Group “P” For vehicles equipped with turbocharged diesel engines, the nominal cylinder capacity is max. 2010 cc
14	Vehicles equipped with naturally aspirated petrol engines, min. 2011 – max. 4000 cc For vehicles equipped with turbocharged petrol engines, the corrected maximum cylinder capacity is 3500 cc	Correction factor 1.7; turbo restrictor according to Group “P” If the original FIA homologation of a competition car permitted the use of an engine exceeding this upper limit, participation is also allowed in this class for vehicles built with the corresponding bodywork and engine. (max. corrected cylinder capacity: 3800 cc) Vehicles previously competing in FIA regional rally championships in the R4 Group are also permitted. If the vehicle still has valid homologation, it may be entered only in its

		original homologated specification. For naturally aspirated engines with a nominal cylinder capacity between 2510 cc and 4000 cc, the minimum vehicle weight is 1300 kg.
15	Vehicles defined in Chapter VI, Article 5.2 may be entered, provided they comply with their original homologation specification. (WRC)	
PA	Class A: unrestricted engine capacity	Group A vehicles homologated after 31 December 2000 with expired homologation
PN	Group N: unrestricted engine capacity	Group N vehicles homologated after 31 December 2000 with expired homologation

At ORC events, WRC cars that are not eligible for entry in FIA regional rally championships but still hold valid homologation are permitted to compete.

In Group P, competition cars with expired Group N/A homologation, WRC cars (2000 cc), as well as cars equipped with components listed in WR, VK, or VO extensions may be entered. These cars may compete exclusively in Group P, provided they comply with the applicable safety regulations.

Previously homologated and non-homologated car types may also be entered in Group P, provided they comply with the modifications permitted for Group P and meet road traffic regulations.

At scrutineering, cars entered in Group P must present the original FIA homologation form or the national homologation form, along with the extensions covering the installed components, as well as a valid MNASZ vehicle logbook.

HISTORIC (CEZ, MRC, OB)

4.8. REFUNDS

Refunds of entry fees shall be governed by the provisions of Article 5.13 of Chapter I of the 2026 Rally Sporting Regulations.

5. INSURANCE

The Organiser will arrange the necessary insurance for the event in accordance with Article 36 of the General Sporting Regulations of the MNASZ and the relevant provisions of the 2026 Rally Sporting Regulations. The insurance covers damage caused by competitors to third parties. The Organiser accepts no responsibility for damage to the competitors' own vehicles.

6. ADVERTISEMENTS ON RALLY AND OTHER CARS

6.1. PLATES PROVIDED BY ORGANISER

Refusal is not permitted – the following items are mandatory for all competitors in accordance with the FIA Regional Rally Sporting Regulations (FIA RRSR) and the 2026 Rally Sporting Regulations:

- **Front door competition number + number advertising panel** – (2 pcs, 17 × 67 cm), for which a space of 17 cm in height and 67 cm in width must be reserved on both front doors, including the number panel, in accordance with the relevant provisions of the FIA RRSR.
The front door number and number advertising panel must be positioned horizontally, aligned with the leading edge of the front door, with the competition number placed in front. The top of the number panel must be 7–10 cm below the window line. No advertising or marking other than the car's own livery and the event's official advertising may be placed within a 10 cm radius of the number panel.
- **Rear rally plate** (10 × 30 cm), to be placed on the upper right side of the rear window, in accordance with the FIA RRSR.

- **Rear window competition number** (15 cm high), in accordance with the FIA RRSR.
 - **Side window competition numbers** (20 cm high), in accordance with the FIA RRSR.
 - **Front rally plate** (21.5 × 43 cm), to be placed on the bonnet in such a way that any auxiliary light pod does not obscure it, in accordance with the FIA RRSR.
- The placement of competitors' names on the rear side windows is the responsibility of the entrant, in accordance with the FIA RRSR.
- Exception:** For the Hungarian National Historic Championship, Article 5.7 of Chapter XIV of the 2026 Rally Sporting Regulations (HUN) applies.

6.2. ADVERTISEMENT – ALL COMPETITORS

In addition to the rally plates, competition numbers, and the advertising space directly associated with the number panels, the Organiser requires all participants to carry additional MNASZ / Rally Commission and Organiser advertising:

MNASZ / RSB (ASN Rally Commission) mandatory (non-refusable) advertising:

- **Number strip** – space of 10 cm (height) × 67 cm (width) must be reserved on both front doors, directly below the competition number and number advertising panel, in accordance with Chapter I, Article 6.1.1 of the Rally Sporting Regulations.
- **Front bumper advertising** – space of 7 cm (height) × 40 cm (width) must be reserved on both the right and left corners of the front bumper, in accordance with Chapter I, Article 6.2.8 of the Rally Sporting Regulations.
- **Organiser's advertising – in accordance with Chapter I, Article 6.2.1 of the Rally Sporting Regulations.**

The exact content of these advertisements will be clearly communicated by the Organiser in an official bulletin no later than the road book collection.

The competitor may not refuse optional Organiser advertising free of charge. Exceptions apply only to those optional Organiser advertisements that may be refused under Article 6.2.4 of the Rally Sporting Regulations. Incorrect placement, alteration, cutting, or modification of identification elements or advertisements will be considered as a clear refusal of Organiser advertising.

If Organiser advertising is refused, an entry fee without optional Organiser advertising must be paid. During the event, the absence of such advertising may result in a fine of up to the amount of the entry fee.

Rally plates, competition numbers, number panels, as well as the mandatory MNASZ/RSB (ASN Rally Commission) number strip and front bumper advertisements cannot be refused. Competition numbers and advertisements must not extend beyond the bodywork. Advertisements placed on the vehicle windows must comply with FIA, MNASZ, and road traffic regulations.

For further information, see Appendix 5.

Optional Organiser advertising (for Historic category)

Space for 4 panels (each 20 cm high × 33.5 cm wide) must be reserved on both the front and rear fenders of the competition car.

6.3. IDENTIFICATION AND STICKERS FOR OTHER VEHICLES

During the event, in addition to officials' stickers, the Organiser will use the following stickers:

- “RECCE” – usage regulated by Article 9.1
- “SERVICE” – usage regulated by Appendix 3, Article 3.2
- “SERVICE PLUS” – usage regulated by Appendix 3, Article 3.2

- “AUXILIARY” – usage regulated by Appendix 3, Article 3.2
 “TEAM MANAGER” – usage regulated by Appendix 3, Article 3.2
 “VIP” – usage regulated by Appendix 3, Article 3.2
 “GUEST” – usage regulated by Appendix 3, Article 3.2

7. TYRES

Tyres to be used during the event:

- For competitors in ORB, ORC, and Rally2 classifications: in accordance with Chapter I, Article 31 of the 2026 Rally Sporting Regulations (HUN)
- For competitors in the Historic classification: in accordance with FIA Appendix K and Chapter XIV, Article 5.7.4 of the 2026 Rally Sporting Regulations

Tyres permitted during recce (for all championships):

- In accordance with general road traffic regulations

In the tyre-marking zone after the Service Park, the competition car must present with the tyre registration barcodes facing outward and clearly visible. Any breach of this requirement may be penalised by the Stewards, up to and including exclusion.

8. FUEL

ORB:

In accordance with Chapter I, Article 29.1 of the 2026 Rally Sporting Regulations (HUN) – General Prescriptions for Rally Championships.

HISTORIC, ORC, Rally2:

In accordance with Chapter I, Article 29.2 of the 2026 Rally Sporting Regulations (HUN) – General Prescriptions for Rally Championships.

9. RECONNAISSANCE

9.1. REGISTRATION PROCESS

Before the start of recce, competitors must complete the registration form (Licence plate and data protection declaration, Appendix 9) and submit it no later than at road book collection.

The Organiser will provide each competitor with a recce sticker bearing an identification number together with the road book. This sticker must be clearly affixed to the upper right corner (in the direction of travel) of the front windshield and must be displayed throughout the entire recce period. Failure to affix or display the sticker will be considered a breach of the recce regulations. If the sticker is damaged or the crew changes the recce vehicle, they must request a replacement sticker from the Organiser.

The Organiser will also issue 2 competition numbers, which must be affixed to the rear side windows. **During recce, competitors must carry their competition licences and present them upon request to reconnaissance marshals or controllers.**

9.2. RECCE SCHEDULE

Recce is permitted only in accordance with the timetable specified in Appendix 2, Article 2.1.

9.3. SPECIAL AND/OR NATIONAL REGULATIONS

Competitors entered in the event are reminded that recce is not practice. All applicable road traffic regulations must be strictly observed, with due regard for the safety and rights of other road users.

In the event of infringements during recce, the Clerk of the Course or the Stewards may impose penalties in accordance with Chapter I, Articles 16 (Recce) and 17 (Observance of Traffic Laws) of the 2026 Rally Sporting Regulations.

The severity of such penalties is independent of any penalties imposed by the police. Any other infringements committed during recce may be reported to the Stewards.

Recce may only be carried out with a vehicle complying with Article 35 of the FIA Regional Rally Sporting Regulations (FIA RRSR). It is strictly forbidden to perform recce with the competition car entered in the rally.

Restrictions for recce vehicles:

- The exhaust system must be a production system, complying with the maximum noise limits permitted in Hungary
- A safety roll cage compliant with FIA Appendix J, Article 253.8.1–8.3.5 is permitted
- The use of 2 additional road-legal headlights is allowed
- A light intercom system may be used without helmets
- Only the entered crew plus one additional person may be in the recce vehicle

The Organiser or its representative may carry out speed checks during recce using calibrated radar equipment.

9.4. USE OF SPEED CONTROL DEVICES (GPS)

See: Appendix 7 of these Supplementary Regulations

9.5. DEADLINE FOR PAYMENT OF IMPOSED FINES

Fines imposed for breaches of recce regulations must be paid within 48 hours of the decision being announced, by any method of payment, including electronic payment.

10. ADMINISTRATIVE CHECKS

10.1. LOCATION AND SCHEDULE OF ADMINISTRATIVE CHECKS

Deadline for uploading documents required for Online Administrative Checks:

23 May 2026 (Saturday), 24:00

For further information, see Article 3 of these Supplementary Regulations – “Programme”.

10.2. DOCUMENTS TO BE PRESENTED

Administrative checks for entered crews are conducted in two stages:

Online verification

The following documents must be uploaded to the online administrative system:

- Entrant's licence
- Driver's and co-driver's licences
- Valid driving licences (minimum Category "B") for both driver and co-driver, valid for the entire duration of the event
- ASN start permission (for foreign competitors)
- ASN-issued confirmation of valid international personal accident insurance (extreme sports) for the crew (for foreign competitors)
- Entry form (fully completed)
- Valid registration document of the entered vehicle, or in case of temporary registration (SP plate), the temporary registration permit and its associated logbook (technical inspection sheet or inspection certificate not accepted)
- Valid insurance policy covering the competition period issued for the vehicle's registration number and/or chassis number, or proof of payment confirming valid insurance (if the insured vehicle can be clearly identified), or other valid proof of insurance
- Authorization from the vehicle owner or operator permitting use in the event, if neither is a member of the competing crew
- Valid vehicle logbook issued by the MNASZ ATB, or FIA Technical Passport. For RC2–RC5 classes, a logbook issued by the ASN of the vehicle's country of registration is accepted
- Loan/authorization documents for the use of the vehicle (if applicable)

If the required documents are not uploaded by the deadline specified in the Supplementary Regulations, the Organiser may impose a fine of up to HUF 50,000.

After upload, administrative staff will review the documents and may request corrections, reject, or approve submissions.

Submission of false documents will result in immediate rejection of the entry and initiation of proceedings under the applicable provisions of the MNASZ Code of Ethics.

Regulation change – In-person verification

At road book collection and/or administrative checks, competitors must present valid driving licences (as declared on the entry form).

Before the event, the Organiser will provide an opportunity for foreign competitors to obtain a vehicle logbook (see "Programme", Article 3).

10.3. TIMETABLE

To avoid long waiting times, the Organiser will conduct the administrative checks according to the following schedule:

11 June 2026 (Thursday)			
08:00-11:00	Modern (MRC, ORB, ORC)		according to the individual check-in schedule
11:30-14:30	HISTORIC		according to the individual check-in schedule
12 June 2026 (Friday)			
07:00 – 09:00	Rally2	–	all remaining Rally2 competitors
08:00 – 09:00	Completion of missing documents for online	–	all competitors

The final timetable, including start numbers, will be published by the Organiser after the publication of the entry list.

The Organiser draws the attention of the competing crews to the fact that technical scrutineering will be scheduled. Participation is only possible after successful administrative checks and after the mandatory advertisements have been affixed. However, the competition car may be presented by a representative of the entrant; the personal presence of the competitors is not mandatory.

In accordance with Chapter I, Article 18 of the 2026 Rally Sporting Regulations (HUN) – General Prescriptions for Rally Championships:

“Following the online verification, the entrant must appear through a representative at the road book collection scheduled according to the timetable published in the implementation instructions, where they must present the valid driving licences of the competing crew (as declared on the online entry form).”

11. SCRUTINEERING

11.1. LOCATION AND SCHEDULE OF SCRUTINEERING

See: Article 3 of these Supplementary Regulations – “Programme”.

12 June 2026 (Friday)

Time: 07:30 – 16:00 h
Address: Épü-Okító Kft. – Pécs, Északmegyer dűlő 6.
GPS: N46 3,612 E18 13,640

The Organiser will prepare and publish a detailed schedule of individual scrutineering times after the publication of the entry list (details: Programme, Article 3).

Additional regulations regarding scrutineering:

- Due to the characteristics of the scrutineering venue, parking of trailers transporting competition cars is not permitted at the location or in its immediate vicinity.
- The scrutineering venue may only be accessed with the competition car presented for scrutineering, under its own power.
- The scrutineering venue is located only 1.47 km from the Service Park.

- Competition cars travelling from the Service Park to scrutineering and returning must use exclusively the designated entrance and exit for service vehicles of the Service Park.
- The Organiser will publish a recommended route for travelling between the Service Park and the scrutineering venue in the road book and service road book; following this route is strongly recommended.
- After scrutineering, competition cars must return to the Service Park within the time specified in the road book.
- Compliance with the prescribed return time will be checked by judges of fact both at the exit of scrutineering and at the entrance of the Service Park.

At the scrutineering venue, in addition to officials, only the following persons are permitted:

- Both members of the competing crew, or in their absence, a representative of the entrant upon presentation of an entrant's licence or written authorization
- Team manager
- Maximum of 2 mechanics

11.2. SCHEDULE

The final list of individual scrutineering times will be published by the Organiser after the publication of the entry list. The Organiser reminds competing crews that the entered competition car may only participate in scrutineering after successful administrative checks and once the mandatory advertisements have been affixed in accordance with the regulations.

11.3. MUDFLAPS

In accordance with FIA Appendix J, Article 252.7.7

11.4. WINDSCREENS / NETS

In accordance with FIA Appendix J, Article 253.11

11.5. TO BE PRESENTED AT SCRUTINEERING

At scrutineering, the entered competition car must be presented with the following:

- The event-specific mandatory advertising, issued during administrative checks, affixed in accordance with the regulations
- The scrutineering form, completed legibly with all required data and handled during administrative checks
- The valid registration document of the entered vehicle, or in the case of SP / "I" temporary registration plates, the temporary registration permit and its associated logbook (in accordance with Article 18.1 of the 2026 Rally Sporting Regulations)
- Proof of valid insurance covering the competition period, issued for the vehicle's registration number and/or chassis number
- Authorization from the vehicle owner or operator permitting use in the event, if neither is a member of the competing crew
- The vehicle's homologation form and the applied extensions
- Required certificates (roll cage, fuel tank, catalytic converter, etc.)
- A valid vehicle logbook issued by the MNASZ ATB, or an FIA Technical Passport; for Historic vehicles, a valid HTP

- Manufacturer-issued compliance certificates for markings and advertising affixed to the competition clothing (printed, sewn, glued, etc.)
- Any additional lighting units intended for use during the rally

11.6. SPECIAL, NATIONAL REGULATIONS

- Each competition car must carry an **A3-size SOS/OK sign** (a red “SOS” sign on a white background, with a green “OK” sign on a white background on the reverse side, minimum size 42 cm × 29.7 cm) and a **warning triangle**. The presence of these items will be checked during scrutineering.
- The correct placement of mandatory advertisements and identification markings on the competition cars will be checked at the entrance to scrutineering. **Cars without properly affixed mandatory advertising and identification will not be admitted to scrutineering.** Any delay or penalty resulting from such refusal is the sole responsibility of the entrant/competing crew.
- All competition cars must present themselves at scrutineering with all components subject to marking (turbo, spare turbo, etc.) properly prepared for sealing (appropriate holes of correct size and position, wire installed for sealing, previous markings removed). If this requirement is not met, scrutineering may be refused. Any resulting delay or penalty is the sole responsibility of the entrant/competing crew.
- **The Organiser permits the use of light- and heat-protective window films on competition cars throughout the event, provided they comply with applicable road traffic regulations and FIA Appendix J, Article 253.11. Silver or colored films are allowed on side windows, rear window, and sunroof under the condition that cut-outs in the film allow clear visibility of the driver and the interior from outside, in accordance with FIA Appendix J, Article 253.11. Cutting through safety film on window surfaces is prohibited.**

11.7. IN-COURSE AND POST-EVENT TECHNICAL CHECKS

Any car that retires from the event due to technical reasons or for any other reason must be presented by the entrant to the scrutineer. The car may only be removed from the event venue with the approval of the Chief Scrutineer. Any car removed without permission must undergo a new vehicle logbook (re-scrutineering) procedure. If a car involved in an accident is removed without authorization, the entrant may be fined up to HUF 200,000 by the MNASZ Rally Commission, based on a report by the Clerk of the Course.

Based on the report of the Chief Scrutineer, the entrant concerned must be notified in writing by the MNASZ Secretariat that the damage to the car was not inspected during the event. As a result, the vehicle logbook will be suspended by the Technical Committee until a new inspection is carried out, and the competitor or crew will be excluded from the event.

11.8. VEHICLE LOGBOOK ISSUING

ONLY FOR ENTERED COMPETITORS!

11 June 2026 (Thursday) 18:00 – 20:00

Location: BÍOKOM Városüzemeltetés

Address: Pécs, Verseny st. 19.

GPS: N46 3,800 E18 13,089

Following prior (mandatory) email registration, applications for vehicle logbooking can be submitted by completing and sending the form available at the following link:
(https://mnasz.hu/uploads/documents/33/gepkonyvezesi_adatlap_2020.xlsx)

At the venue, one printed copy of the form must be handed over to the staff of the MNASZ ATB.

Registration email: atb@mnasz.hu (email subject: "Gépkönyvezés Mecsek26")

At vehicle logbook inspection, the vehicle must be presented in rally-ready condition, together with valid vehicle documents, the homologation form and the applied extensions, roll cage certificate, and fuel tank certificate. In the case of an FIA-homologated fuel tank, removal of the protective cover is mandatory.

12. OTHER PROCEDURES

12.1. PROLOGUE PROCEDURE AND STARTING ORDER

Not applicable – the prologue will not be held.

12.2. START AND FINISH CEREMONY PROCEDURE

START CEREMONY PROCEDURE AND ORDER

Time:	12 June 2026

Historic (CEZ, MRC, OB)	20:06
Rally2	18:00
Address:	Pécs, Széchenyi tér
GPS:	N46 4,543 E18 13,704

The start ceremony will take place in the normal starting order, according to the published start list, on 12 June 2026, in the regroup area between TC0A and TC0B of Section 1.

At the Regroup IN (TC0A) control, early arrival is permitted for competing crews. After having their time card processed at the Regroup IN control, crews must position themselves within the regroup area in accordance with the instructions of the marshals.

The ceremonial approach to the start podium will be carried out as specified in the road book.

During the start ceremony, the wearing of the competition overall is mandatory for all competitors.

FINISH CEREMONY PROCEDURE AND ORDER

Time:	13 June 2026
Modern (MRC, ORB, ORC)	16:49
Historic (CEZ, MRC, OB)	18:04
Rally2	19:01
Address:	Pécs, Széchenyi tér
GPS:	N46 4,543 E18 13,704

Procedure:

The finish podium will be set up in the regroup area between TC11A and TC11B (Rally2: TC8A and TC8B). **Early arrival is permitted for competing crews at the Regroup IN control of the finish ceremony.** After having their time card processed, crews must position themselves in the regroup area according to the instructions of the marshals. During the ceremony, competitors will drive onto the finish podium in the following order:

field	championships concerned	order	
Modern (MRC, ORB)	MRC, ORB	Overall 5-4-3-2-1	After this, the ceremony will continue in order of arrival.
Modern Mitropa RC	MRC	Overall 3-2-1	
Modern ORC	MRC, ORC	Overall 3-2-1	
Historic	CEZ, MRC, OB	Overall 3-2-1	
Rally2	Rally2	Overall 5-4-3-2-1	

ATTENTION! The Organiser strictly prohibits all competitors and all other drivers participating in the event (e.g. safety cars, zero cars, etc.) from performing any actions that leave tyre marks on the road surface—such as sudden acceleration, braking, or manoeuvring—at official event locations, in particular the Service Park, ceremony areas, and Parc Fermé, as well as within a 500 m radius of these areas. Competitors (through their entrants), or in the case of other vehicles their drivers, who violate this rule will be fined €1,000 based on an official report of the infringement.

To avoid possible long waiting times, the Organiser reserves the right to conduct the procedure in order of arrival.

12.3. POWER STAGE

The Power Stage will be held for National Rallye Championship Hungary: ORB, ORC, Historic, Rally2 in accordance with the applicable Rally Sporting Regulations (HUN), as follows:

National Rally Championship: ORB, ORC, Historic: SS11
National Rally Championship: Rally2: SS 8

12.4. PERMITTED EARLY CHECK-IN

Early arrival is permitted at the following controls:

	Leg 1 12 June 2026 (Friday)	Leg 2 13 June 2026 (Saturday)
Modern + Historic (CEZ, MRC, ORB, ORC, HIS OB)	TC 2A, TC 2E	TC 11A, TC 11C
Rally2	TC 0A, TC 0C	TC 8A, TC 8C

12.5. DETERMINATION OF STARTING ORDER

ORB: In accordance with Chapter II, Article 7 of the 2026 Rally Sporting Regulations (HUN)

ORC: In accordance with Chapter VI, Article 7 of the 2026 Rally Sporting Regulations (HUN)

HIST: In accordance with Chapter XIV, Article 8 of the 2026 Rally Sporting Regulations (HUN)

Rally2: In accordance with Chapter VIII, Article 7 of the 2026 Rally Sporting Regulations (HUN)

Competitors of the CEZ and Mitropa Rally Cup series will be seeded by the Organiser with due consideration to safety aspects.

12.6. REMOVAL OF COMPETITION CARS FROM THE FINAL PARC FERMÉ

Removal of competition cars from the final Parc Fermé is permitted—under penalty of exclusion—only after the Parc Fermé has been officially opened by the Stewards.

On 13 June 2026 (both in the morning and in the evening), all competition cars must be removed from the Parc Fermé area within a maximum of 1 hour after it is opened.

The Organiser hereby informs all entered teams and competitors that after this time, security of the Parc Fermé area will no longer be provided.

12.7. TIME CARDS

The Organiser will issue the time card covering the entire duration of the event to the competitors during administrative checks.

12.8. ACCIDENT AND SAFETY REGULATIONS

If a vehicle involved in an accident is in an area where spectators are present or may be present, the driver must stop immediately and carefully check whether anyone has been injured or put in danger. If so, they must provide immediate assistance.

In the event of personal injury, the chief marshal of the special stage or Rally Control must be informed, and, where possible, the scene must be preserved.

The competitor must not continue the rally and may leave the scene only with the permission of the attending police officer. Failure to comply with this rule may result in a penalty imposed by the Stewards, up to and including exclusion.

12.9. ACCIDENT AND SAFETY REQUIREMENTS

- All participants must be thoroughly familiar with Article 53 “Safety of Competitors” of the FIA Regional Rally Sporting Regulations. In the event of an accident requiring urgent medical intervention, one member of the crew involved must, if possible, immediately display the red “SOS” sign to following cars.
- Any competitor who is shown a red “SOS” sign, or who sees a car that has been involved in an accident without an “OK” sign displayed, must stop immediately and provide assistance. All subsequent cars must also stop, except for the second car, which must proceed to inform the next radio point.
- Stopped cars must leave one traffic lane free for emergency vehicles. The second car must provide the following information at the next radio point (which may also be at the end of the special stage):
 - competition number(s) of the affected crew(s),
 - number and condition of injured persons (both competitors and spectators),
 - number of trapped persons (both competitors and spectators),
 - location of the accident (e.g. road book reference or kilometre),
 - whether the stage is passable and if further vehicles can proceed,
 - any other relevant information (e.g. fire, water hazard, risk of electric shock).
- Any competitor stopping on a special stage must place the warning triangle at least 50 metres before the location of the stopped car, even if the vehicle is off the road.

- In the case of an accident where immediate medical assistance is not required, or in the event of a technical problem, one member of the crew must clearly display the “OK” sign.
- If the crew leaves the vehicle, the “OK” sign must be placed in a clearly visible position for approaching traffic.
- **Emergency phone number of the event: +36 70 7700538**
- A competitor retiring from the rally must inform the Competitor Relations Officer and the Organiser, and submit the time card as soon as possible at the nearest control point.
- In case of an accident or technical failure, a warning triangle must be placed at least 50 metres in front of the stopped vehicle, on the side corresponding to the direction of travel.

12.10. OTHER SPECIAL PROCEDURES

- The Organiser allows competitors to purchase additional road books. The price of an additional road book is HUF 5,000 (incl. VAT), payable at road book collection. These additional road book can also be collected at the specified time.
- ATTENTION!** The Organiser strictly prohibits all competitors and drivers of any other vehicles involved in the event (e.g. safety cars, zero cars, support programmes, etc.) from performing any actions that leave tyre marks on the road surface—such as sudden acceleration, braking, or manoeuvring—at official event locations, in particular the Service Park, ceremony areas, and Parc Fermé, as well as within a 500 m radius of these areas. Any breach of this rule will result in a fine of €1,000 imposed by the Organiser based on a Clerk of the Course decision and official report.
- The holder of hunting rights excludes liability for damages caused by game animals originating from the hunting area to vehicles participating in the event, in accordance with Section 6:563 (2) of Act V of 2013 on the Civil Code.
- From 1 May 2026 until the start of the rally (TC0), any form of testing activity related to the **59th Mecsek Rallye** is strictly prohibited within Baranya County. This includes organising, conducting, or participating in such tests. Any violation by entrants, competitors, or team members will be considered a breach of recce regulations. In such cases, based on the Organiser’s report, the Stewards may impose a fine of up to HUF 500,000, or in particularly serious cases (e.g. deliberate misleading or deceptive conduct), may even refuse the start for the persons concerned. The Organiser informs all parties that the Hungarian Public Roads authority of Baranya County and the management of Mecsekerdő Ltd. have been notified and will cooperate in enforcing and monitoring this regulation.
- All rights related to printed and electronic publications of the **59th Mecsek Rallye** are reserved, including the right to issue abbreviated or extended versions. Without the written consent of PSN Ltd. and/or Laroco MSC, neither the full publications nor any parts thereof may be published or presented in any form.
- All commercial rights (e.g. catering, trade, advertising) related to the **59th Mecsek Rallye** are exclusively held by the Organiser and Co-Organiser. Only PSN Ltd. and Laroco MSC are entitled to dispose of these rights.

- g) Media accreditation for the **59th Mecsek Rallye** is governed by the regulations issued by the MNASZ Media Committee.
- h) The Organiser of the **59th Mecsek Rallye** hereby informs all persons participating in the event in any capacity that participation is entirely at their own risk, and the Organiser accepts no liability for any damage suffered by participants.

ATTENTION! MOTORSPORT IS DANGEROUS!
Participation is at your own risk!

12.11. ON-BOARD CAMERAS

Competitor crews wishing to use on-board (in-car) cameras during the event **must declare this in writing at administrative checks** and must present the recordings upon request of the Stewards. The mounting of on-board cameras may be checked during scrutineering. If an on-board camera is installed in the competition car during the event, it may be checked by technical officials at the exit of the Service Park.

12.12. OFFICIAL TIME

Official time for the entire duration of the event: the time broadcast by the Global Positioning System (GPS) for the relevant time zone.

13. IDENTIFICATION OF OFFICIALS

Control chiefs:	red vests

APPENDIX 2 – RECONNAISSANCE SCHEDULE AND REGULATIONS

2.1 RECONNAISSANCE SCHEDULE

 FORESTRY STAGES		11 June 2026 [Thursday] <i>Not permitted for Rally2</i>		12 June 2026 [Friday]	
SS	stage	start	end	start	end
Rally1: 4,7,10 Rally2: 2,5,8	Alsómocsolád - Mecsekpölöske 0,00 – 07,75km (forestry road section)	09:00	last entry: 17:45 (exit: 18:00)	08:00	last entry: 13:45 (exit: 14:00)
1,2	Pécsvárad - Hosszúhetény 0,00 – 12,40 km (forestry road section)	09:00	last entry: 17:45 (exit: 18:00)	08:00	last entry: 9:45 (exit: 10:00)

Attention! At the end of the designated recce period, the Organiser will close all forestry barriers. Therefore, competing crews must leave the affected sections by the closing times specified above.

Recce of forestry sections may only be carried out in compliance with the restrictions set out in Article 2.1 above and strictly in the direction specified in the road book (one-way only).

During recce, passage through the forestry parts of the above-mentioned special stages is limited to a maximum of 4 passes.

On private and forestry roads, unless other speed limits are in force, **the maximum permitted speed during recce is 80 km/h.**

- Ceremony locations may be visited without time restriction, but only on foot.
- Throughout recce, all applicable road traffic regulations must be respected, including restrictions on private and forestry roads.
- Special stages are not closed to traffic during recce; therefore, competitors must expect other road users, especially forestry and agricultural vehicles, cyclists, and hikers.
- On all other road sections, compliance with general road traffic regulations is mandatory.

Recce of special stages located on public roads is not restricted by the Organiser (neither in direction nor in number of passes), however, compliance with national road traffic laws is mandatory at all times.

2.2 SPECIAL / NATIONAL REGULATIONS

Competitors entered in the event are reminded that **recce is not practice**. During recce, all Hungarian road traffic regulations must be strictly observed, with due regard for the safety and rights of other road users.

a) Direction of travel and limitation of passes

The forestry (non-public) sections of the special stages indicated in Article 2.1 may only be used within the specified time period, a **maximum of 4 times**, and **strictly in the direction defined in the road book**.

It is strictly forbidden to:

- turn around after entering a stage,
- drive against the prescribed direction,
- or exceed the permitted number of passes by using sections in reverse direction.

At the start, finish, and one intermediate point of the stages listed in Article 2.1, MNASZ marshals will be present throughout the recce period. Their duties include monitoring compliance and recording:

- entry time + competition number,
- intermediate passage time + competition number,
- exit time + competition number,
- and checking the operation of GPS devices.

b) Compliance with traffic regulations (RRSR 2026, Chapter I, Article 17)

(Supplementing FIA Regional Rally Sporting Regulations Articles 34.2.2, 34.2.5, and 34.3.4)

- Monitoring of illegal recce may be carried out by: Organiser's representatives, MNASZ marshals, local forestry staff and hunting associations. Based on their reports, the Clerk of the Course or the Stewards may impose penalties.
- The ASN Rally Commission may independently monitor recce and impose additional penalties.
- Any breach of road traffic laws, private road restrictions, or rally regulations may result in penalties ranging from time penalties to refusal of start permission, with notification to the Rally Commission.
- Additional rules and speeding penalties are defined in Chapter I, Articles 16 (Recce) and 17 (Traffic Regulations) of the 2026 Rally Sporting Regulations (HUN).
- Any competitor who, during reconnaissance or at any time after the publication of these Supplementary Regulations outside the official reconnaissance schedule, is proven to have caused an accident, property damage, or committed a serious traffic offence on the official route of the event, shall have their starting permission withdrawn by the Stewards, without reimbursement of the entry fee, with notification to the ASN Rally Commission.
- Only vehicles complying with Article 35.1 of the FIA Regional Rally Sporting Regulations (i.e. standard road cars) may be used for recce. It is strictly forbidden to use the competition car. A maximum of 2 persons (the entered driver + 1 person) may be in the recce vehicle.
- During recce, access to non-public (closed) sections of special stages is restricted strictly to the competing crew (driver + 1 person). Other team members (team manager, engineer, mechanic, guests, etc.) are not allowed to enter or drive on these sections Any violation of this rule is considered a breach of recce regulations.

2.3 INSTALLATION AND USE OF GPS DEVICES

The Rally Commission and the Organiser require all participants to use GPS tracking and speed monitoring devices during both reconnaissance and the entire duration of the event.

- The GPS system will be distributed to competitors at road book collection.
- Instructions for its use for this event are provided in Appendix 7.
- Competitors are also required to use the GPS device during reconnaissance.
- The devices must be used throughout the event, from the start (TC0) until the final control (Parc Fermé).
- Detailed information on the operation, evaluation principles, and determination of speeding violations of the GPS tracking system can be found in the appendices of the 2026 Rally Sporting Regulations.
- The use of the GPS system must comply with Appendix IX of the 2026 Rally Sporting Regulations (HUN) ("GPS System").

Notice from the service provider:

Competitors who require a cable for GPS system use during reconnaissance are requested to bring exactly HUF 2,000 as a deposit, in order to facilitate a quicker road book collection process.

APPENDIX 3 – SERVICE PARK AND REFUELLING AREA, VEHICLES

3.1 SERVICE PARK OPENING HOURS AND PERMITTED ENTRY TIMES FOR SERVICE VEHICLES

In accordance with the 2026 Rally Sporting Regulations, a Service Park Manager will assist in the operation of the Service Park at the **59th Mecsek Rallye**.

For all Service Park-related matters (e.g. requests for additional service space, shared service area, etc.), teams and competitors must contact the Service Park Manager at:

szervizparkmanager@gmail.com

If an entrant requires a larger service area than the standard allocation or requests a shared service arrangement, this must be submitted in writing no later than 23 May 2026 (Saturday), 24:00, by sending the completed Service Park request form (appendix to the Supplementary Regulations) [to the above email address](#).

A proforma invoice will be issued for any additional service area. The Organiser will not allocate extra space until the fee has been paid.

Zero cars (course cars), demonstration runs, and support programmes participants

The Organiser will provide final information on the allocation of service areas and service spaces after the closing date for entries. Teams concerned are advised that, in case of a high number of entries, it may not be possible to provide shared service areas with teams competing in the Modern (MRC, ORB, ORC) + Historic (CEZ, MRC, OB) fields. Teams should take this possibility into account when planning their service setup.

Should the service park reach full capacity, the organiser may allocate additional service areas at alternative locations. **Service crews are advised that such additional areas may be on gravel or loose surfaces;** therefore, they are recommended to bring suitable solid support materials (e.g. appropriately sized and shaped wooden blocks) for safely lifting the cars.

- a) Service vehicles may remain in the Service Park overnight. The area will be monitored by security; however, the Organiser accepts no financial responsibility for any property left inside.
- b) Regulations governing Service Park is defined by FIA General Regulations. **The maximum speed within the Service Park is 20 km/h for all vehicles.** All personnel associated with the competing crews (service, auxiliary, refuelling, team manager vehicles, etc.) must comply with rally regulations and follow officials' instructions at all times. The entrant is responsible for the conduct of these persons throughout the entire event. These vehicles are not official participants of the rally, even if they display "SERVICE" or similar stickers. Mandatory rally liability insurance does not apply to them; responsibility lies solely with the vehicle operator and driver.
- c) **PARKING OF TRAILERS OR TRANSPORT VEHICLES INSIDE THE SERVICE PARK IS STRICTLY PROHIBITED.** In case of violation:
 - first offence: warning and instruction to leave the Service Park
 - second offence: €500 fine imposed by the Organiser**A dedicated trailer parking area will be established for proper storage of transport vehicles during the event.**

3.2 SERVICE AND OTHER VEHICLES

During the event, only vehicles bearing the designated stickers listed below are permitted to enter the Service Park (with movement restricted according to regulations). The registration numbers of these vehicles will be recorded and linked to the respective competition number of the crew. The presence and proper display of these stickers will be checked on all vehicles within the Service Park throughout the event.

<i>sticker</i>	<i>authorization</i>	<i>entry point</i>	<i>entry time</i>	<i>destination / to where</i>

During the event, a maximum of 1 service vehicle per entered competition car (except for competitors holding a gold licence) with a valid service sticker is permitted to enter the Service Park.

If a service vehicle attempts to enter without a valid sticker or with an invalid sticker, the Organiser may impose a fine of up to HUF 350,000 on the entrant. If a service vehicle enters the Service Park outside the designated time, the Clerk of the Course may impose a fine of up to HUF 50,000 on the entrant.

Vehicle passes and their permissions

Regulations for vehicles with “SERVICE” (service vehicle) sticker	In addition to the competition cars, only service vehicles displaying a valid “SERVICE” sticker (properly completed and affixed to the upper right corner of the windshield) may enter the Service Park. Maximum: 1 service vehicle per competition car (or 2 service vehicles for Gold licence holders and Historic crews). If a service vehicle attempts to enter without a sticker or with an invalid sticker, the Organiser may impose a fine of up to HUF 350,000 on the entrant. If a service vehicle enters the Service Park outside the designated time, the Stewards may impose a fine of up to HUF 50,000 on the entrant.
Regulations for vehicles with “AUXILIARY” (support vehicle) sticker	“AUXILIARY” vehicle sticker The “AUXILIARY” sticker can be purchased during or after administrative checks at the rally office (HUF 10,000 per piece). Vehicles bearing an AUXILIARY sticker are permitted to enter the Service Park (until capacity restrictions require limitation) and may remain strictly within the assigned service area of the respective team (crew). They are also allowed to use designated parking areas near special stages at road closures. AUXILIARY vehicles may leave the Service Park during the official opening hours of the given competition day and are also allowed to re-enter. The Organiser reserves the right to refuse entry to any AUXILIARY vehicle that violates Service Park regulations, even if the sticker is valid. Entrants violating these rules may be fined up to HUF 350,000.
Regulations for vehicles with “TEAM MANAGER” sticker	Regulations for “TEAM MANAGER” vehicles The “TEAM MANAGER” pass can only be collected during administrative checks, at the specified time and location. To collect it, the team manager must

	present a valid team manager ID and an entrant's licence. Vehicles displaying the "TEAM MANAGER" sticker are permitted to access: time control points, recording points of special stages. The sticker must be affixed to the upper right corner of the windshield (in the direction of travel). The Organiser provides limited parking for team managers in a designated area near the Service Park. Vehicles with a "TEAM MANAGER" sticker: may use designated parking areas near special stages at road closures. Are NOT permitted to enter the Service Park. Violation of these rules may result in a fine of up to HUF 350,000 imposed by the Organiser.
Regulations for vehicles with "VIP" sticker	Regulations for vehicles with "VIP" sticker Vehicles displaying a "VIP" sticker are permitted to enter the Service Park (until capacity restrictions require limitation) and may remain only in areas designated by officials. They are also allowed to use "VIP + MEDIA" parking areas near special stages at road closures. VIP vehicles may leave the Service Park during the official opening hours of the given competition day and are also permitted to re-enter. The Organiser reserves the right to refuse entry to any VIP vehicle that violates Service Park regulations. Entrants or concerned parties violating these rules may be fined up to HUF 350,000.

The Organiser reserves the right to refuse entry to the Service Park for any driver who violates Service Park regulations or ignores the instructions of marshals and officials, regardless of the sticker or pass displayed on the vehicle.

Parking of trailers or transport vehicles within the Service Park is strictly prohibited. In case of violation:

- First offence: warning and instruction to leave the Service Park
- Second offence: fine of €500 imposed by the Organiser

A designated trailer parking area will be provided for proper storage of transport vehicles during the event.

3.3 OTHER REGULATIONS FOR THE SERVICE PARK AND SERVICING

- Service Park regulations (e.g. area allocation, deposit): see the "Service Park" section of Chapter 27 of the 2026 Rally Sporting Regulations (HUN) (RVSZ I.).
- Between 11–13 June 2026, any kind of service activity on public areas within the City of Pécs is **STRICTLY PROHIBITED**, except within the designated service park! Compliance with this provision will be monitored jointly by the Organisers, the police and the public area supervisory authorities. Violators may be penalised by the Stewards in accordance with Article 12 of the International Sporting Code.
- EXTRA SERVICE AREA and SHARED SERVICE**
 - If any entrant requires a larger service area than the maximum area provided under the sporting regulations for competitors, or requests shared servicing (taking into account the provisions of Article 5.1), such request must be submitted in writing no later than 23 May 2026 (Saturday) 24:00 hrs to the e-mail address indicated below → **the request form is attached as Appendix 10 to these Supplementary Regulations**.
 - Subject to the available space conditions, the organiser will provide the requested additional service area at a gross price of HUF 6,500/m² or €15/m², and shared servicing free of charge. The fee for the additional service area must be paid by the entrant no later than the Administrative Checks, either by bank transfer in advance

or in cash on site. Should the fee not be paid by the specified deadline, the organiser shall not provide the additional area to the entrant.

- Deadline for submitting requests regarding service vehicles exceeding 7.5 tonnes, extra service area and shared servicing: **23 May 2026 (Saturday) 24:00h**

The organiser does not guarantee the fulfilment of requests received after the specified deadline. Requests and remarks will only be accepted in writing (e-mail) at the following address:

szervizparkmanager@gmail.com

with the following subject line: **"Mecsek 26 service"**

- d) Within the entire service park area and at the service places allocated according to competition numbers, only vehicles belonging to the respective team and bearing "SERVICE" or "AUXILIARY" stickers may remain!
- e) The organiser requires all crews to use a minimum 5 × 3 metre groundsheet (oil- and fuel-resistant groundsheet) underneath the competition cars at the servicing location. Entrants violating this regulation shall be fined HUF 100,000 by the Clerk of the Course.
- f) **The organiser requires all crews to use a minimum 2 × 1.5 metre groundsheet (oil- and fuel-resistant groundsheet) underneath the competition cars within the Overnight Parc Fermé / Parc Fermé / Start Holding Area (Centrum Parking, Pécs). Entrants violating this regulation shall be fined HUF 100,000 by the Clerk of the Course.**
- g) Within the service park area, it is FORBIDDEN to clean vehicles and/or service areas using running water or high-pressure washers! Vehicle cleaning is permitted only by dry cleaning methods (cloth wiping) or with cleaning spray. Entrants violating this regulation shall be fined up to HUF 100,000 by the Clerk of the Course.
- h) Any kind of commercial activity outside the designated service areas is strictly prohibited! Vehicles carrying out commercial, promotional and/or other activities may remain only in areas approved and agreed by the organiser. Teams may carry out promotional activities free of charge within their own service area. Commercial activities, the entry of additional vehicles, and the use of service areas larger than those defined in the regulations are only possible on the basis of a separate commercial agreement concluded with the organiser.
- i) During the event, only parking in accordance with the applicable traffic regulations is permitted on road sections and public areas located in the immediate vicinity of the service park.
- j) Service personnel must have at least one 150 litre waste bag in which all waste must be collected and removed upon departure.
- k) At every repair location, service crews must place at least one 5 kg fire extinguisher in a clearly visible and easily accessible position.
- l) Catering activities (for own use) are permitted within the service areas.
- m) **At all event venues, especially within the service park area, any political, religious and/or obscene behaviour or expression is STRICTLY PROHIBITED under penalty of immediate exclusion from the competition.**

3.4 SERVICE PARK DEPOSIT AND CLEANLINESS

To ensure the cleanliness of the Service Park, the Organiser's marshals are entitled to inspect the service areas of entrants. When leaving the Service Park, the entrant must remove all waste generated and restore the service area to its original condition.

To ensure compliance, each entered crew must pay a **deposit of HUF 20,000** (or **€50.00 for foreign competitors**) at road book collection. **This deposit will be refunded at the end of the event** or after retirement, provided that:

- the designated marshal has inspected the service area upon departure,
- the area is found to be clean and properly restored,
- and a receipt confirming this is issued to the entrant.

The deposit will be refunded at the rally office upon presentation of this receipt during office opening hours. **After this** (at a later date or time), **no refund will be possible**. If a service area is used by multiple crews, separate confirmation receipts will be issued accordingly.

3.5 TRAILER PARKING

A designated trailer parking area will be provided for the event.

Location: the designated section of the external gravel parking area of the PSN Zrt.

Address: H-7631 Pécs, Veress E. str 10.

GPS: N46 3,894 E18 12,526

Trailers may only be parked and stored in the designated trailer area. During the event, parking trailers in the Service Park or on public roads is **strictly prohibited**. It is also forbidden to stop or wait with transport trailers or service vehicles on the streets and public areas in front of the scrutineering location. Violation of this rule may result in a fine of up to **HUF 100,000**, imposed by the Clerk of the Course based on a report from the Organiser.

Operating hours: Friday, 12 June 2026: from 07:00
Saturday, 13 June 2026: until 20:00

Parking with transport trailers or service vehicles on the streets and public areas in front of the administrative checks and scrutineering locations is **STRICTLY PROHIBITED**, except within the designated service area (not the Service Park). Violation of this rule may result in a €500 fine, imposed by the Stewards based on a report from the Organiser.

3.6 REFUELLING AREA

Refuelling is permitted only in the designated refuelling zone. The responsibility for refuelling lies entirely with the entrant.

The Organiser reminds all teams and competitors of the following refuelling regulations:

- Refuelling may be carried out or assisted by a maximum of 2 team members.
- All personnel involved in refuelling must wear FIA-compliant fire-resistant protective clothing, including a balaclava.
- During refuelling, both members of the crew must exit the competition car.
- The use of mobile phones is strictly prohibited during refuelling, including taking photos or videos.

The Organiser will establish the refuelling area for the event as follows:

APPENDIX 7 – GPS SYSTEM

7.1 SAFETY TRACKING SYSTEM / MRC & CEZ & HISTORIC & RALLY2

The MNASZ RSB (ASN Rally Commission) requires the use of a GPS tracking system for all participants of the **59th Mecsek Rallye**. The use and proper operation of the device is **mandatory** throughout both reconnaissance and the entire duration of the rally. The GPS unit is distributed at road book collection.

- The GPS device must be installed in the competition car behind the seats at window height (not on the floor). After the event or upon retirement, it must be returned immediately to the rally office.
- Upon collection of the GPS unit, foreign competitors in the **Mitropa Cup** must pay a **€100 deposit (cash)** to the service provider for the device and cable set. This deposit will be refunded at the end of the rally upon proper return of the equipment.
- Installation and correct operation of the GPS unit will be checked for **all entrants** at **TC0 (Service Park OUT)** on **Friday, 12 June 2026**.
- By signing the entry form, competitors consent to the GPS system operator sharing the collected data with the Organiser, the rally officials, and the MNASZ RSB (ASN Rally Commission).

After the event or in case of retirement, the GPS unit must be returned **immediately** to the rally office.

Additional regulations: see Appendix IX of the Rally Sporting Regulations (HUN) – *GPS System*.

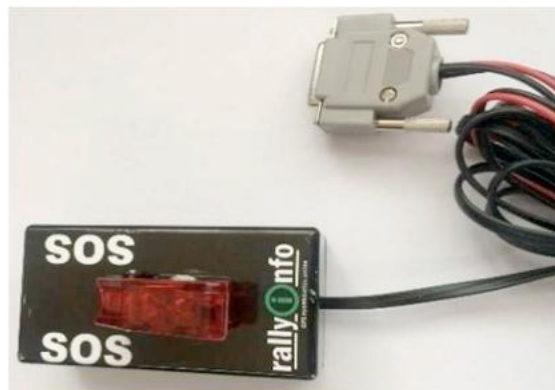

7.2 INSTALLATION OF SAFETY TRACKING DEVICE (GPS) / MRC & CEZ & HISTORIC & RALLY2

The GPS devices received during road book collection must be installed in the competition car, and their proper operation will be checked at TC0 (Service Park OUT).

- a) The installation kit consists of a GPS unit, a Velcro mounting system, a 12V cigarette lighter power cable, and an SOS panel with a connecting cable, which together ensure the 12V power supply and the connection between the SOS panel and the GPS unit throughout the event.
- b) **Installation of speed monitoring devices in the competition car**
 The competition cars must be equipped with a 12V power cable directly connected after the master switch on the right side at the B-pillar, including a 5A fuse. Installation in the vehicle is carried out using the Velcro mounting supplied with the device, fixed to the right-side B-pillar, with the SOS panel cable connected to the GPS unit via the 15-pin connector and the 12V power supply connected accordingly. **The installation and proper operation of the GPS devices will be checked for all entrants at TC0 (Service Park OUT) on Friday, 12 June 2026.**

c) Operation of the Safety Emergency Console (SOS panel) and use of the GPS device during the event:

The SOS panel must be positioned in the competition car so that it is accessible to both crew members while seated with their safety belts fastened. It is recommended to place it either on the floor between the two seats or on the roof inside the cockpit. If the use of the SOS signal is required (when the crew needs assistance), the only action needed is to activate the two-position switch located under the red cover, which will send an emergency signal to Rally Control. The SOS signal can be deactivated by closing the red cover again.

d) Return of the GPS unit and accessories

In the event of early retirement, competitors must remove the GPS unit from the competition car as soon as possible, and all competitors must return it together with all received accessories at the latest at the end of the rally, either at the Rally Office or to the GPS system operator at the entrance of the final Parc Fermé.

e) Audible warning signal – in case of “red flag”

If sufficient mobile network coverage is available to support the real-time operation of the system, Rally Control can send a danger warning signal to individual devices, which is transmitted as an audible signal through an external siren. To ensure that the warning is clearly audible, the siren is installed on the roll cage behind the seats during scrutineering by the service provider.

The Clerk of the Course is authorized to send an audible signal equivalent to a “red flag” only if the red flag is physically displayed on the given stage at the same time.

ATTENTION!

Final deadline and location for returning the collected GPS devices:

13 June 2026 (Saturday), 21:00h, Rally HQ / Expo Center, Pécs.

7.3 INSTALLATION OF SAFETY TRACKING DEVICE (GPS) / ORB + ORC COMPETITORS WITH A HUN ASN LICENCE

For competitors participating in the ORB and ORC championships with a Hungarian licence, a HORIZON-type safety tracking system will be used throughout the entire duration of the event.

The installation, use, and period of application of the device are governed by the provisions set out in Chapter IX of the 2026 Rally Sporting Regulations (HUN).

The “Rally Assistant device installation guide” is available at the following link:

<http://mnaszorb.hu/wp-content/uploads/2026/03/Rally-asszisztens-eszkoz-beszereles.pdf>

APPENDIX 8 - MITROPA RALLY CUP

Competitors may participate in and be classified in the **Mitropa Rally Cup (MRC)** and the **Mitropa Rally Historic Cup (MRHC)** only if they are validly registered for the **61st Mitropa Rally Cup (2026)** series in accordance with the applicable regulations, and hold a valid driving licence and valid insurance.

Further details: <https://mitropa-rally-cup.com/en/documents>

8.1 ACCEPTED VEHICLES

Vehicles must comply with the following regulations:

- the applicable FIA regulations
- the relevant regulations of the ASN (MNASZ)
- the regulations of the 61st Mitropa Rally Cup
- these Supplementary Regulations

Mitropa Rally Cup

The vehicles concerned must comply with the regulations of the competent ASN (MNASZ) and with these Supplementary Regulations. At the **59th Mecsek Rallye**, competitors of the Mitropa Rally Cup will be integrated into the field of the Hungarian National Rally Championship.

Mitropa Rally Historic Cup

The vehicles concerned must comply with Appendix K of the FIA International Sporting Code and must have a valid Historic Technical Passport (HTP) or an ASN-issued vehicle identity document (logbook). At the **59th Mecsek Rallye**, competitors of the Mitropa Rally Historic Cup will be integrated into the field of the Hungarian National Historic Rally Championship.

At the **59th Mecsek Rallye**, vehicle classification will be determined in accordance with Article 4.4 of these Supplementary Regulations and Article 8 of the Mitropa Rally Cup regulations. The starting order will be established in accordance with Article 12.5 of these Supplementary Regulations.

8.2 ENTRY PROCEDURE

For competitors of the **Mitropa Rally Cup (Modern and Historic)** and **CEZ Historic**:

Opening date: date of publication of the Supplementary Regulations

Closing date: **Saturday, 23 May 2026, 24:00**

Entrants are required to submit their entry online via the official website: www.nevezes.rallyesport.hu, and must also send the completed entry form by email to the Organiser at: entry@mecsekrallye.com

8.3 ADMINISTRATIVE FEE AND PAYMENT

Registered competitors of the MRC do NOT pay an entry fee.

Competitor crews entering the **59th Mecsek Rallye** are required to pay an MRC administrative fee as follows:

	<i>payment deadline</i>	<i>amount</i>	<i>fee content</i>
MRC administrative fee [foreign crews]	20 May 2026, (Wednesday) 24:00h	€ 250,00	includes VAT, liability insurance fee, and GPS fee.

EURO account:

BIC/Swift-code: MKKB HU HB

IBAN: HU66 1030 0002 1016 4994 0001 4885

The organiser shall consider an entry valid only if:

- the competitor has completed the online entry on the official entry platform (www.nevezes.rallyesport.hu) within the specified deadline (the printed original copy of the entry form completed there, bearing the entrant's stamp and the competitors' signatures, must be handed over to the organiser no later than at the road book collection),
- a copy of the completed entry form has been sent before the closing date for entries to: entry@mecsekrallye.com,
- the documents specified in Article 10 have been fully submitted to the organiser (foreign entrants: entry@mecsekrallye.com),
- and the full individual MRC administrative fee has been transferred.

In the event of failure to comply with the deadlines specified in the above table, the organiser may impose a late fee in accordance with the applicable regulations. Settlement (payment) of any late fees imposed by the organiser is a prerequisite for granting permission to start.

8.4 CLASSIFICATION

At the end of the rally, points will be awarded in accordance with the regulations of the **61st Mitropa Rally Cup**.

8.5 PRIZES

In both the MRC and MHRC classifications, the top three crews will be awarded trophies.
