8. FUEL

According to „Rally Versenyek Szabályai – Rally Bajnokságok Alapkiírásai 2026” - Chapter I/29.

9. RECONNAISSANCE

9.1. REGISTRATION PROCESS

Before starting the Recce, competitors are required to fill out the registration form (license plate number and privacy statement) and submit it no later than when receiving the itinerary. The organizer will issue each competitor with a Recce sticker bearing an identification number together with the itinerary, which the competitor must display in a clearly visible position in the upper right-hand corner of the windshield in the direction of travel for the entire duration of the Recce. Failure to affix the sticker or its absence shall be considered a violation of the Recce rules. If the Recce sticker is damaged or the competitor pair changes cars, the competitor pair is required to request a new sticker from the organizer. The organizer will also issue 2 race numbers, which must be affixed to the rear side windows. **During Recce, competitors are required to keep their competitor's license with them and present it at the request of recce officials or sports judges.**

After the publication of these competition regulations, the following shall be considered prohibited Recce: The presence of the driver and/or navigator on any speed stage for any reason, or if any member of the participating team intends to enter the rally area after the route sheet has been announced. The following may participate in the inspection of prohibited Recce: members and representatives of the organizing committee; MNASZ sports judges, locally affected forestry staff and members of hunting associations, civil guards, police officials, and persons appointed by the RSB.

9.2. SPECIAL AND/OR NATIONAL RULES

We would like to emphasize to all competitors entered in the race that recce is not training. The relevant traffic regulations must be strictly observed, paying attention to the safety of other road users and respecting their rights. In the event of violations during Recce, the Race Director or the Stewards may impose penalties as follows: National „RVSZ 2026”. Chapter I 16. RECCE and „RVSZ 2026”. Chapter I 17. - COMPLIANCE WITH TRAFFIC RULES. The severity of this penalty is not affected by any penalty imposed by the police. Other violations committed during the track walk may be reported to the Stewards.

Restrictions on recce vehicles:

- The exhaust system must be mass-produced, with a maximum noise level within the tolerance limits applicable in Hungary.
- A safety roll cage compliant with FIA Appendix J, Chapter 253, Section 8 is permitted.
- The use of two additional headlights approved for road traffic is permitted.
- A lightweight intercom system may be used without a helmet.
- Only one member of the registered racing team + one other person may be present in the car during the Recce.

The organizer or its representative may check speeds during the Recce using a certified radar device.

9.3. USE OF SPEED CONTROL DEVICES (GPS):

See: Annex 7.

9.4. DEADLINE FOR PAYING PENALTIES:

Fines imposed for violating the rules of track access must be paid within 48 hours of the decision being announced, using any method of payment, including electronic payment.

10. ADMINISTRATIVE CHECKS

10.1. LOCATION AND TIME:

SEE: SUPP REG. 3. - „Programme”

Deadline for uploading documents: **Monday, March 16 2026, 24:00**

10.2. DOCUMENTS TO BE PROVIDED

According to „Rally Versenyek Szabályai – Rally Bajnokságok Alapkiírásai 2026” -Chapter I./18.

10.3. SCHEDULE

In view of the optional acceptance, the Organizer does not prepare a schedule for administrative acceptance, but draws the attention of the competing pairs to the fact that technical acceptance will be scheduled, in which it is only possible to participate after successful administrative acceptance and placement of the mandatory advertisements.

ATTENTION! RULE CHANGE!

According to „Rally Versenyek Szabályai – Rally Bajnokságok Alapkiírásai 2026” -Chapter I./18.

“Following online verification, the entrant’s representative is required to appear at the itinerary handover scheduled in the implementation instructions, where they must present the valid driving licenses of the competing crew (the details of which were included in the online entry form).”

11. SCRUTINEERING**11.1. LOCATION AND SCHEDULE**

SEE: SUPP. REG. 3. - „Programmes”.

In addition to officials, the following persons may be present at the technical inspection:

- both members of the competing pair or, in the absence of the competing crew, the representative of the entrant, upon presentation of the entrant's license or power of attorney
- team chief
- maximum 2 mechanics

11.2. SCHEDULE

The schedule will be announced by the Organizer at a later date.

11.3. MUDFLAPS

According to FIA Appendix „J” 252./7.7.

11.4. WINDSCREENS/NETS

According to FIA Appendix „J” 253. fejezet/11

11.5. TO BE PROVIDED AT SCRUTINEERING

- The registered race car, and:
 - Administrative acceptance form, filled out legibly with all necessary information
 - Valid registration certificate or, in the case of an I license plate, temporary registration certificate and accompanying logbook
 - Homologation sheet and any extensions used
 - Certificates (roll cage, tank, catalytic converter, etc.)
 - Valid race car passport issued by MNASZ ATB or FIA Technical Passport or, in the case of historic vehicles, their HTP

11.6. SPECIAL/NATIONAL REGULATIONS

- Every race car must have an A/3 size SOS/OK sign (red "SOS" on a white background, and on the opposite side, the word "OK" in green on a white background, measuring at least 42 cm x 29.7 cm) and a warning triangle, the presence of which will be checked during technical inspection.
- The correct and prescribed placement of the required advertisements and identifiers on the race cars will be checked at the entrance to the technical inspection. Race cars without the required advertisements and identifiers correctly and prescribedly placed will not be allowed to enter the technical inspection. The entrant/driver pair shall be solely responsible for any delay in technical inspection and any penalties incurred as a result of rejected race cars.
- All race cars must report for technical inspection with all parts to be marked (turbo, spare turbo, etc.) prepared for marking (holes of the appropriate size and location, wire threaded for sealing, previous markings removed). If the race car arrives without these, technical inspection of the race car may be refused. The entrant/driver pair

is solely responsible for any delays in technical inspection and any penalties resulting from this for rejected race cars.

- The organizer permits the use of light and heat-protective film on the windows of competition cars throughout the competition, provided that the window material is NOT polycarbonate. The use of silver or colored films is permitted on the side and rear windshields and sunroof under the following conditions: the cut-outs in the films must allow the driver and passengers to be clearly visible from the outside in accordance with the conditions set out in FIA Appendix J, Chapter 253, Section 11. Cutting through the safety film on the window surfaces is prohibited.

11.7. CHECKS DURING AND AFTER THE RACE

Competition vehicles that have withdrawn from the competition for technical reasons or have been eliminated for any reason may only be removed from the event venue with the approval of the Technical Delegate of the event. Competition vehicles removed from the event venue without permission must undergo a new vehicle registration procedure. Based on the Technical Inspector's report, the MNASZ Secretariat must notify the entrant of the vehicle concerned in writing that the damage to the competition vehicle was not inspected during the competition, therefore the vehicle's registration will be suspended by the Technical Committee until re-registration, and the competitor or competitor pair will be excluded from the competition.

11.8. MAKE OF TECHNICAL PASSPORT

ONLY FOR ENTERED COMPETITORS!

After preliminary (mandatory) email registration and filling out the form at the link below

https://mnasz.hu/uploads/documents/33/gepkonyvezesi_adatlap_2020.xlsx You can participate on the make of technical passport by sending it. You must also bring the data sheet in printed form to the making of technical passport

E-mail: atb@mnasz.hu (Subject: GÉPKÖNYVEZÉS - VESZPRÉM 2026)

You must show up with a vehicle prepared for competition, valid vehicle documents with an old technical passport, a homologation certificate, and the extensions used, a roll cage certificate, and a fuel tank certificate (in the case of an FIA homologated fuel tank, the protective cover must be removed).

We would like to draw the attention of participants that the closed road sections leading to the start/finish podium are only permitted on foot!

Burnouts and donuts are strictly prohibited, and any such actions will be reported to the Stewards!

Wearing the full competition outfit is mandatory!

12.2. PERMITTED EARLY CHECK-IN

Permitted early check-in at following TCs:

- ORB-ORC: 6E, 6F, 12C
- HISTORIC: 0D, 6C
- RALLY2: 0D, 6C

12.3. STARTING ORDER

ORB: „Rally Versenyek Szabályai – Rally Bajnokságok Alapkiírása 2026 – Chapter II./7”

ORC: „Rally Versenyek Szabályai – Rally Bajnokságok Alapkiírása 2026 – Chapter VI/7 „

RALLY2: „Rally Versenyek Szabályai – Rally Bajnokságok Alapkiírása 2026 – Chapter VIII/7”

HIST: „Rally Versenyek Szabályai – Rally Bajnokságok Alapkiírása 2026 – Chapter XIV/8.”

12.4. FURTHER PROCEDURES**PROCEDURES TO BE FOLLOWED IN THE EVENT OF AN ACCIDENT**

If the accident occurs in a place where spectators are or could be present, the driver of the vehicle involved in the accident is obliged to stop the vehicle immediately and carefully check whether anyone has been injured or endangered in the accident. If so, he is obliged to provide assistance.

If there are any injuries, the chief judge must be notified and, as far as possible, care must be taken to preserve the evidence.

The competitor may not continue the race and may only leave the scene with the permission of the police officer in charge. Failure to comply with this rule may result in the Stewards imposing a penalty on the responsible competitor pair, which may even mean disqualification.

12.5. ACCIDENT AND SAFETY REGULATION

All participants must be thoroughly familiar with point 53 of the FIA Regional Rally Championships Regulations, entitled "Competitor Safety." In the event of an accident requiring urgent medical attention, one member of the crew involved in the accident must, if possible, immediately display the red "SOS" signal to the following cars.

All competitors who are shown the red "SOS" signal must stop immediately and without exception and provide assistance. All subsequent cars are also REQUIRED to stop. Stopped cars must leave one lane clear for special ambulances and rescue vehicles arriving at the scene. The second car to arrive at the scene must continue on and notify the next radio point. The second vehicle to arrive at the scene must continue on and provide the following information at the next radio point, which may also be the final station:

start numbers of the competitors involved

- how many competitors or spectators were injured and how
- how many competitors or spectators are trapped or outside their cars
- location of the accident, e.g. nearest itinerary sign or kilometer
- any other essential information, e.g. fire, water, risk of electric shock

All competitors who stop on the speed section are required to place the red triangle of the breakdown warning sign at least 50 m before the place of stopping. They are required to place it even if the vehicle is not on the road and the road is completely clear. In the event of accidents where immediate medical attention is not required, or in the event of a stoppage due to a technical fault, one member of the competing pair must display the green "OK" sign in a clearly visible manner to the competing cars behind them.

If the competitors leave the car that has been involved in the accident, the "OK" sign must be placed so that it is clearly visible to the other competing pairs from the direction of arrival.

First aid telephone number for the event: **+36 70/ 770 0538 (race office)**

If a competitor withdraws from the race for any reason, they must notify the liaison officer and the organizer. All competitors who withdraw from the race must hand in their route cards at the nearest checkpoint as soon as possible.

The organizer prohibits competitors from driving laps with their race cars within 500 meters of the service park, collectors, and night collectors (PFs). In such cases, the Stewards may impose a fine of up to HUF 250,000 on the offending competitor.

In the event of an accident or technical failure, **the affected competitors are required to place a warning triangle at least 50 meters** ahead of the race car stopped on the speed section, on the side of the road where the race car is located.

The current holder of hunting rights shall exclude any damage caused to vehicles participating in the race by game originating from the hunting area, in accordance with Section 6:563(2) of Act V of 2013 on the Civil Code. During the period from the publication of the race announcement to the start of the race, the holder of hunting rights shall exclude any damage caused by game originating from the hunting area to vehicles participating in the race, **in accordance with Section 6:563(2) of Act V of 2013 on the Civil Code.**

During the period from the publication of the race announcement to the start of the race, any testing activity in the counties of Veszprém is subject to the written permission of the organizer. If a report is received about prohibited testing (without the organizer's written permission), the organizer will consider it a violation of the rules for inspecting the track. In such cases, based on the organizer's report, the Stewards may impose a fine of up to HUF 250,000 on the offending competitor.

All rights are reserved in relation to the printed and electronic publications of the organizer of the **Veszprém Rallye 2026**, including the right to publish abridged or expanded versions of the publications. Without the written consent of Laroco MSK., neither the entire publications nor any parts thereof may be published in any form or communicated in any public presentation.

At the **Veszprém Rallye 2026** event, the exploitation of property rights (such as catering, commercial and advertising rights) is the exclusive right of the organizer. Only **Laroco MSK.**, is entitled to dispose of these rights.

The rules issued by the MNASZ Media Working Committee shall apply to media accreditation at the **Veszprém Rallye 2026** event.

The organizer of the **Veszprém Rallye 2026** hereby informs all persons participating in the event in any capacity, in a manner accessible and visible to everyone, that everyone participates in the competition at their own risk and that the organizer is not liable for any damage suffered by participants.

12.6. ON-BOARD CAMERA

Competitors who wish to use on-board cameras during the race must indicate this in writing at the administrative check-in and present the recordings at the request of the Stewards. The recording mode of the on-board cameras can be checked during technical inspection. If the on-board camera is installed in the race car during the race, it can be checked by technical inspectors at the exit of the service parks.

Gyártelep	16:00- 18:00	NOT ALLOWED	08:30 – 09:30 13:00 – 14:00

During reconnaissance, the number of passes is limited to a maximum of 3, however at least 1 verifiable pass is mandatory.

On private and forestry road sections, unless other restrictions are in force, the maximum permitted speed during reconnaissance is 65 km/h.

For crews who have collected the road book and completed administrative checks, at least 1 pass on every special stage is mandatory during reconnaissance, under penalty of withdrawal of the start permission.

During reconnaissance, compliance with the speed limits set by road traffic regulations (KRESZ), as well as the number of passes, will be monitored by GPS. Compliance with speed limits defined by public road regulations and by private road signage is mandatory.

Special / National regulations:

The stages are not closed road sections during the Recce, so it must be expected that other road users will also be using these roads, with particular regard to forestry and agricultural machinery!

During the Recce, the Clerk of the Course or the STEWARDS will impose penalties ranging from time penalties to withdrawal of the start permit on competitors who violate the rules of road traffic, private roads, the Rally Supplementary Regulation and the rules set out in this competition announcement, and shall notify the RSB thereof.

During the Recce or after the publication of these competition rules, outside of the Recce, the Stewards shall revoke the starting permit of competitors who cause accidents or property damage or commit serious traffic violations on the official route of the competition in a demonstrable manner, without refunding the entry fee to the competitor, and shall notify the RSB thereof.

The RSB may check the rules of the Recce independently of the organizer and may impose separate penalties on those who violate the rules. Other rules: „RVSZ” Chapter I/16. PÁLYABEJÁRÁS and „RVSZ” Chapter I/17. A KÖZLEKEDÉS SZABÁLYAINAK BETARTÁSA.

They participate in monitoring prohibited track access, and based on their reports, the Clerk of the Course or Stewards may impose penalties: Members and representatives of the organizing committee; MNASZ sports judges, members of regional hunting associations.

Installation of GPS devices

The RSB and the organizer require race participants to use GPS tracking and speed measurement devices for the entire duration of the Recce and race.

Competitors will receive the GPS system upon receipt of their ITINER.

Instructions for use in relation to the race: Appendix 7.

Participants are REQUIRED to use the GPS device during the recce.

Those who need a cable for the recce are requested to bring exactly 2000 HUF for the cable deposit fee, thus helping to speed up the itinerary collection process!

5. ANNEX – SERVICE PARK, REFUEL ZONE

5.1 SERVICE PARK OPENING TIMES:

Friday, 27.03.2026 from 12:00 (as service area)

On Friday, the ARENA parking area cannot be used, because an evening event will be held in the Arena and the entire parking area must be reserved for arriving spectators.

Saturday, 28.03.2026: 07:00–21:00

Sunday, 29.03.2026: 06:30–19:30

Location: Veszprém Aréna and the connecting road section between roads No. 8 and No. 82

Service park surface: 100% asphalt.

Refuelling area

Refuelling during the event is permitted only in the designated refuelling zone, in accordance with the applicable regulations.

External refuelling zone

Leg 1: Ajka – Truck wash: <https://maps.app.goo.gl/Z1gmrGbDKBA97akC8>

5.2 SERVICE VEHICLES PERMITTED ENTRY TIMES:

Friday, 27.03.2026: freely accessible from 12:00

Saturday, 28.03.2026: 07:00–15:00

Sunday, 29.03.2026: 06:30–11:00

Service vehicles that have entered the service park area may leave the service park area at any time during opening hours, but in this case they will not be allowed to re-enter during the given race day (Leg). Only service vehicles with a „REFUEL AREA” sticker are allowed to enter multiple times.

Trailer parking:

A trailer parking area will be set up at the event.

Location: In the area indicated in the road book, in the zone next to the service park.

Trailers may only be parked and stored in this area. Parking trailers in public areas during the competition is PROHIBITED! Transport trailers and service vehicles are not allowed to stop or wait in the streets and public areas in front of the technical scrutineering! Violation of this rule may result in a fine of up to HUF 100,000 imposed by the Stewards based on the organizer's report. The rules applicable to service parks are contained in the FIA General Regulations, and **the maximum speed allowed for all vehicles within the service park is 30 km/h**. The personnel belonging to the competing crews (service, auxiliary, support, refueling zone, and team chief vehicle personnel) are required to comply with the rules of the rally and the instructions of the officials without exception. The entrant is responsible for the conduct of all such persons throughout the entire duration of the competition. The above vehicles are not considered official participants in the competition, even if they display a "SERVICE" sticker issued by the organizer.

Mandatory competition liability insurance does not apply to them; liability rests solely with the vehicle operator and driver.

5.3. SZERVICE VEHICLES

From the moment the service park opens, only vehicles with a "SERVICE" or "AUXILIARY" sticker (affixed to the windshield) may enter the service park area. The registration numbers of these vehicles will be registered to the competitor crew with the given start number, and the affixed status of these stickers will be checked on vehicles in the service park during the competition.

Regulations for vehicles with a "SERVICE" sticker

In addition to the competition cars, service vehicles with a "SERVICE" sticker may enter the service parks, with a maximum of one per competition car (two for GOLD license competitors). If a service vehicle attempts to enter the service park without a sticker or with an invalid sticker, the entrant will be fined HUF 300,000 by the Stewards. If the

service vehicle does not enter the service park at the specified time, the entrant will be fined HUF 10,000 by the Stewards.

Regulations for vehicles with a "REFUEL AREA" sticker

Vehicles bearing the "REFUEL AREA" sticker are permitted to enter the external refuelling zone. Vehicles with such a sticker may also stay in the service park, but may park only within their own team's designated service area. Entrants violating this rule may be penalized by the Stewards with a fine of up to HUF 300,000.

Regulations applicable to vehicles bearing an "AUXILIARY" sticker

"AUXILIARY" stickers can be purchased during or after administrative checks at the race office, with a limit of one sticker per start number (gross price: HUF 10,000 per sticker). Vehicles with "AUXILIARY" stickers may also be present in the service park, but may only be parked within the service area of the team concerned. Entrants who violate this rule may be fined up to HUF 300,000 by the Stewards.

Regulations for vehicles with a "TEAM CHIEF" sticker.

Team chiefs with a team chief ID card can only obtain a "TEAM CHIEF" sticker at the race office. To obtain the sticker, they must present their team chief ID card and entrant license. These stickers must be affixed to the upper right corner of the windshield of the vehicle, in the direction of travel. Vehicles with a "TEAM CHIEF" sticker are entitled to enter the parking lot near the service park, where a limited number of parking spaces are available, and to use the parking spaces at the time control and special stage registration stations during the approach to the special stages at the road closures set up. Vehicles bearing the "TEAM CHIEF" sticker are not allowed to enter the service park on any day of the competition. Entrants who violate this rule may be fined up to HUF 300,000 by the Stewards.
